CONTENTS OF VOLUME 2—1988

NUMBER 1—JANUARY–MARCH

Editorial: Cell transplantation
Hoi Sang U. and L. F. Marshall 1

Compensatory strategies in the language of closed head injured patients
C. Penn and J. Cleary 3

Impaired hippocampal plasticity in experimental chronic hydrocephalus
T. Tsubokawa, Y. Katayama, and T. Kawamata 19

Coma associated with flaccidity produced by fluid-percussion concussion in the cat. I: Is it due to depression of activity within the brainstem reticular formation?
R. L. Hayes, Y. Katayama, H. F. Young and J. G. Dunbar 31

Coma associated with flaccidity produced by fluid-percussion concussion in the cat. II: Contribution of activity in the pontine inhibitory system
Y. Katayama, H. F. Young, J. G. Dunbar and R. L. Hayes 51

Raphe-cell transplantation into the hippocampus of the hydrocephalic rat brain
T. Tsubokawa, Y. Katayama, S. Miyazaki, H. Ogawa, T. Kawamata, M. Iwasaki and Y. Sako 67

The behavioural treatment of verbal interaction skills following severe head injury: a single case study
G. M. Giles, I. Fussey and P. Burgess 75

NUMBER 2—APRIL–JUNE

Editorial: Extradural haematoma—earlier detection, better results
J. D. Miller, J. L. Tocher and P. A. Jones 83

Extradural haematomas: an analysis of the changing characteristics of patients admitted from 1980 to 1986. Diagnostic and therapeutic implications in 158 cases
F. Servadei, G. Piazza, A. Seracchioli, N. Acciarri, E. Pozzati and G. Gaist 87

Review: Pharmacotherapy and the neurobehavioural sequelae of traumatic brain injury
C. T. Gualtieri 101

Assessment of distractibility in auditory comprehension after traumatic brain injury
D. G. Kewman, B. Yanus and N. Kirsch 131

Relatives as lay-therapists for the severely head-injured
S. Quine, J. P. Pierce and D. M. Lyle 139

Microcomputer-based cognitive rehabilitation of visual neglect: three multiple-baseline single-case studies
I. Robertson, J. Gray and S. McKenzie 151

Case report: Buspirone and agitation in head injury
A. M. Levine 165

Programme idea: Heterotopic calcification in severe head injury: a preventive program
R. C. Rogers 169

Subject review: Heterotopic ossification
T. A. Gennarelli 175

NUMBER 3—JULY–SEPTEMBER

Long-term speech and language disorders subsequent to closed head injury in children
F. M. Jordan, A. E. Ozanne and B. E. Murdoch 179

Re-examining the determinants of recovery and rehabilitation of memory defects following traumatic brain injury
L. E. Trexler and G. Zappala 187

Supported employment and compensatory strategies for enhancing vocational outcome following traumatic brain injury
J. S. Kreutzer, P. Wehman, M. V. Morton and H. H. Stonnington 205

Modification of function in head-injured patients with Sinemet
S. Lal, C. P. Merbtiz and J. C. Grip 225

Deficit awareness and treatment performance among traumatic head injury adults
C. S. Lam, B. T. McMahon, D. A. Priddy and A. Gehred-Schultze 235

The use of cranial electrotherapy stimulation in post-traumatic amnesia: a report of two cases
A. Childs and M. L. Crismon 243

Reliability of self-report among non-oriented head-injured adults
D. A. Priddy, D. Mattes and C. S. Lam 249

Minor whiplash head injury with major debilitation
P. R. Yarnell and G. V. Rossie 255

Severe behavioural disturbance in families of patients with prolonged coma
J. M. Stern, L. Sazbon, E. Becker and H. Costeff 259

Book reviews 263

NUMBER 4 — OCTOBER–DECEMBER

Incidence, CT findings and rehabilitation outcome of patients with communicative hydrocephalus following severe head injury
Z. Groswasser, M. Cohen, I. Reider-Groswasser and M. J. Stern 267

Stimulant treatment for the neurobehavioural sequelae of traumatic brain injury
C. T. Gualtieri and R. W. Evans 273

Simultaneous, quantitative measurement of local blood flow and glucose utilization in tissue samples in normal and injured feline brain
D. S. DeWitt, Xiao-quan Yuan, D. P. Becker and R. L Hayes 291

Case studies: Carbamazepine–lithium toxicity in brain-damaged adolescents
D. X. Parmelee and G. J. O'Shanick 305

Amantadine for the agitated head-injury patient
M. C. Chandler, J. L. Barnhill and C. T. Gualtieri 309

Comprehensive head injury rehabilitation: an outcome evaluation
W. H. Burke, M. D. Wesolowski and M. L. Guth 313

The brain injury rehabilitation scale (BIRS): a measure of change during post-acute rehabilitation
J. E. Farmer and R. G. Frank 323

Application of a token economy with a non-compliant closed head-injured male
M. T. Hegel 333

Yes, behaviour analysis can help, but do you know how to harness it?
H. E. Jacobs 339

Psychiatric aspects of rehabilitating patients with organic brain disorders, a personal view; *or*, The psychiatrist as the neuropsychologist's helper
A. Levy 347

Dreams in head-injured patients
M. Benyakar, M. Tadir, Z. Groswasser and M. J. Stern 351

The financial trauma of head injury
W. R. McMordie and S. L. Barker 357

An interdisciplinary programme for cognitive rehabilitation
R. Conder, D. Evans, P. Faulkner, K. Henley, J. Kreutzer, B. Lent, J. Maxwell, R. McNeny, C. Morrison, B. Pinter, G. Richerson and F. Stith 365

Erratum 387
